

In the Claims:

Please amend claims 1 as follows:

The claims remaining in the application are as follows:

1. (Currently amended) A therapeutic composition for the treatment of cancer comprising:

(a) an aqueous extract of the plant Soma extracted from a plant with a creeper-like appearance and milky secretions, the aqueous extract being preserved with salt; and

(b) a mixture of milk, plant derivatives and a mineral comprising:

- (i) apple cider vinegar;
- (ii) quinine;
- (iii) blackstrap molasses;
- (iv) sulfur; and
- (v) whole milk;

wherein the aqueous extract of Soma, the apple cider vinegar, the quinine, the blackstrap molasses, and the sulfur are each present in a sufficient quantity so that the resulting composition has a therapeutic effect against cancer.

2. (Original) The composition of claim 1 wherein the composition further comprises ground red pepper, corn oil, pineapple juice, and raw almonds.

3. (Original) The composition of claim 1 wherein the composition further comprises iodine.

4. (Original) The composition of claim 1 wherein the composition further comprises Vitamin B₁₂ and rose petal extract/rose oil.

5. (Original) The composition of claim 4 wherein the composition further comprises folic acid.

6. (Original) The composition of claim 1 wherein the mixture of plant derivatives and a mineral comprises about 6.23% (v/v) of apple cider vinegar, about 0.317% (w/v) of quinine, about 79.8% (v/v) of blackstrap molasses, and about 3.1% (w/v) of sulfur.

7. (Currently amended) A therapeutic composition for the treatment of cancer comprising:

(a) an aqueous extract of the plant Soma extracted from a plant with a creeper-like appearance and milky secretions, the aqueous extract being preserved with salt;
and

- (b) a mixture of water, plant derivatives and a mineral comprising:
- (i) apple cider vinegar;
 - (ii) quinine;
 - (iii) blackstrap molasses;
 - (iv) sulfur; and
 - (v) water;

wherein the aqueous extract of Soma, the apple cider vinegar, the quinine, the blackstrap molasses, and the sulfur are each present in a sufficient quantity so that the resulting composition has a therapeutic effect against cancer.

8. (Original) A method for treatment of cancer comprising administering an effective amount of the composition of claim 1 to a patient in need of treatment thereof.

9. (Original) A method for treatment of cancer comprising administering:
(a) an effective amount of the composition of claim 2; and (b) aspirin, to a patient in need of treatment thereof.

10. (Original) A method for treatment of cancer comprising administering an effective amount of the composition of claim 3 to a patient in need of treatment thereof.

11. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 4 to a patient in need of treatment thereof.

12. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 5 to a patient in need of treatment thereof.

13. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 6 to a patient in need of treatment thereof.

14. (Original) The method of claim 8 wherein the cancer is a malignancy of the lymphoid system.

15. (Original) The method of claim 9 wherein the cancer is a malignancy of the lymphoid system.

16. (Original) The method of claim 10 wherein the cancer is a malignancy of the lymphoid system.

17. (Original) The method of claim 11 wherein the cancer is a malignancy of the lymphoid system.

18. (Original) The method of claim 12 wherein the cancer is a malignancy of the lymphoid system.

19. (Original) The method of claim 13 wherein the cancer is a malignancy of the lymphoid system.

20. (Original) A therapeutic composition for the treatment of cancer comprising a mixture of milk, plant derivatives and a mineral comprising:

- (a) apple cider vinegar;
- (b) quinine;
- (c) blackstrap molasses;
- (d) sulfur; and
- (e) whole milk;

wherein the apple cider vinegar, the quinine, the blackstrap molasses, and the sulfur are each present in a sufficient quantity so that the resulting composition has a therapeutic effect against cancer.

21. (Original) The composition of claim 20 wherein the composition further comprises ground red pepper, corn oil, pineapple juice, and raw almonds.

22. (Original) The composition of claim 20 wherein the composition further comprises iodine.

23. (Original) The composition of claim 20 wherein the composition further comprises Vitamin B₁₂ and rose petal extract/rose oil.

24. (Original) The composition of claim 23 wherein the composition further comprises folic acid.

25. (Original) The composition of claim 20 wherein the mixture of plant derivatives and a mineral comprises about 6.23% (v/v) of apple cider vinegar, about 0.317% (w/v) of quinine, about 79.8% (v/v) of blackstrap molasses, and about 3.1 (w/v) of sulfur.

26. (Original) A therapeutic composition for the treatment of cancer comprising a mixture of water, plant derivatives and a mineral comprising:

- (a) apple cider vinegar;
- (b) quinine;
- (c) blackstrap molasses;
- (d) sulfur; and
- (e) water;

wherein the apple cider vinegar, the quinine, the blackstrap molasses, and the sulfur are each present in a sufficient quantity so that the resulting composition has a therapeutic effect against cancer.

27. (Original) A method for treatment of cancer comprising administering an effective amount of the composition of claim 20 to a patient in need of treatment thereof.

28. (Original) A method for treatment of cancer comprising administering:
(a) an effective amount of the composition of claim 21; and (b) aspirin, to a patient in need of treatment thereof.

29. (Original) A method for treatment of cancer comprising administering an effective amount of the composition of claim 22 to a patient in need of treatment thereof.

30. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 23 to a patient in need of treatment thereof.

31. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 24 to a patient in need of treatment thereof.

32. (Original) A method for the treatment of cancer comprising administering an effective amount of the composition of claim 25 to a patient in need of treatment thereof.

33. (Original) The method of claim 27 wherein the cancer is a malignancy of the lymphoid system.

34. (Original) The method of claim 28 wherein the cancer is a malignancy of the lymphoid system.

35. (Original) The method of claim 29 wherein the cancer is a malignancy of the lymphoid system.

36. (Original) The method of claim 30 wherein the cancer is a malignancy of the lymphoid system.

37. (Original) The method of claim 31 wherein the cancer is a malignancy of the lymphoid system.

38. (Original) The method of claim 32 wherein the cancer is a malignancy of the lymphoid system.
